COUNTY BUDGET BILLS APPROVED

People Now Get Chance to
Oppose Estimates

School District Expenses
Also to be Checked

Department Reorganization
Completed by Governor

SACRAMENTO, May 12. (AP)—The estimated revenues and expenses of the fifty-eight California counties heretofore must be budgeted as a result of the signing today by Gov. Young of Senate Bill No. 298, the county budget bill. The bill requires that the county board of supervisors must budget the revenues and expenses of the county.

Under the initial bill, Senate Bill No. 298, the board of the county departments on or before July 30 must submit estimates of the expenses to the County Auditor, who then must prepare a budget for the supervisors on or before July 30. These then are prepared for consideration by the public and August 20 is set by law as the last day on which hearings may be held.

Another measure, Senate Bill No. 299, approved today, sets the date for special school-tax elections in June so that these estimates may be included in the budget, and a third, Senate Bill No. 300, also approved, requires the school district trustees to prepare budgets for consideration by the County Superintendent and Supervisors.

COMPLETES REORGANIZATION
Gov. Young today completed his reorganization of the state department as far as it is within the province of himself and the Legislature to do so.

His last act in this respect was the signing of an Assembly measure by B. J. Feigenbaum, San Francisco, reorganizing the State Board of Education, and a Senate measure by Senator Ralph E. Swing, San Bernardino, providing for a new state department of industrial relations.

The final step in the reorganization will come next year when a constitutional amendment making further changes in the State Board of Education will be submitted.

The board of education measure today provides for ten instead of seven members to be confirmed by the Senate, and their appointment so arranged that no one appointment can control the board. Governor can control the board.

The constitutional amendment to provide for ten-year terms and the appointment of a director of education instead of the election of a state superintendent.

UNDER ONE HEAD
The industrial relations bill puts the industrial accident commission and labor and industrial welfare activities under one head who shall be the chairman of the industrial accident commission serving at \$4000 a year.

Reorganization accomplished by the administration included: State board of control into the Department of Finance, Department of Agriculture, in which the statutory Department of Public Works, Department of Public Health, Department of Natural Resources and the Governor's council.

The Department of Natural Resources consolidates the forestry, fish and game, parks and mining departments. The changes in the public works include the transfer of highway activities to the present department, as well as the activities of the harbor commissioners and the maintenance of reclamation and flood control works.

LIST OF BILLS SIGNED
Gov. Young today signed fourteen Assembly and seven Senate bills, including the following:

Assembly Bill No. 141, Melville, fixing the salary of the Mendocino county surveyor.

Assembly Bill No. 15, Wright, Santa Clara County government bill.

Assembly Bill No. 190, Heltinger, increasing the salary of the Fresno county probation officer's stenographer.

Assembly Bill No. 203, Foster, Fresno county government bill.

Assembly Bill No. 220, Nielsen, Sacramento county government bill.

Assembly Bill No. 471, Hedges, San Benito county government bill.

Assembly Bill No. 478, Wright, increasing the salary of the Santa Clara county probation officers and assistants.

Assembly Bill No. 694, Byrne, providing for the appointment of Municipal Court reporters.

Assembly Bill No. 777, Jepsen, appropriating \$10,000 to pay the claim of the San Luis Obispo county treasurer.

Assembly Bill No. 861, McPherson, validating the bonds of municipal improvement districts.

Assembly Bill No. 893, McPherson, validating the organization of municipal improvement districts formed during 1926.

Assembly Bill No. 907, Byrne, providing for a survey of an old-age pension system for California.

Assembly Bill No. 1267, Hedges, fixing the salary of the San Benito County Surveyor.

Assembly Bill No. 1130, Feigenbaum, reorganizing the State Board of Education.

Assembly Bill No. 806, Waller, authorizing cities to call elections to abandon parks.

Senate Bill No. 298, Boggess, requiring counties to budget expenses.

Senate Bill No. 299, Boggess, setting a new date for school-tax elections.

Senate Bill No. 300, Boggess, requiring school districts to budget expenses.

Senate Bill No. 294, Waller, providing new organization and annexation procedure for highway lighting districts.

Senate Bill No. 480, Young, providing funds for the transportation of orphans and dependent children to homes in other states.

Senate Bill No. 708, Swing, creating the Department of Industrial Relations.

Full Porcelain Range

A new 1927 model of the
Barker gas range! Priced
specially at only.....\$54⁵⁰

A THING OF BEAUTY with its gleaming white surfaces! An
efficient baker! And a full porcelain gas range at this price—
that is the most remarkable advantage of all. The very last word in
gas range design. Consider the points listed below:

THIS REMARKABLE STOVE model boasts concealed hinges—
full-porcelain surfaces, easy to clean—guaranteed rust-proof oven
linings—and a large oven and broiler.

AMPLE LARGE cooking surface to serve the cooking purposes of
families from two to five persons—and even more persons in many
cases. A range that fits compactly in a small kitchen—and adds a
hundred per cent to the appearance of the room.

THIS RANGE may be had with heat control at very small additional cost!

\$10 ALLOWED!

BARKER BROS. will allow you \$10 on your gas range regardless of style, age or
condition! Don't miss this value-opportunity. Decide at once—for the time
is limited. No other cash payment required for the purchase of any stove at
Barker Bros. Balance on easy payments.

A HOOVER!

Positive Agitation

THIS NEW principle is the outstanding reason why Hoovers are different—
and better—than other cleaners. Come in and let us explain it to you. Briefly,
here is what positive agitation gives:

1. **EXTRA** cleaning speed—fewer
hours for housework!
2. **EXTRA** ease—cleaner runs
smoothly, efficiently.
3. **EXTRA** thoroughness—makes
rugs wear longer.
4. **TAKES** out 131 per cent more
dirt in same cleaning time.

\$2.25 DOWN—specially low terms for a limited time. Pay for the balance
out of your housekeeping budget. Turn in your old cleaner as part
payment at Barker Bros.

ANGELS EDWA

**RIGHT HURLS
SEVENTH WIN**

**Receivers After Solons
Get Four in First**

**Soot Thre eTwirlers
Twenty Clouds**

**Leads Angel Attack
With Five Safeties**

SACRAMENTO, May 12. (Exclusive)
The Angels, in the opening in-
ning, Don Wright
struck down and
the local
rate the rest of
the way while
the Angels went
on a hitting
 spree to defeat
the Solons, 14
to 6, in the third
game of the se-
ries. It was
Wright's seventh
victory of the
season.

In all the
Chubs collect-
ed a total of
twenty hits of
the offerings of
three Sacramen-
to players, being the contest by the
Angels that produced ten
hits in the last three in-
nings. The Angels
scored in their batting
order in the following
manner: Wright, three
hits, including a home
run, and a double, and
two singles in six at-
tempts to the plate.

Wright was hit hard through-
out the game, but man-
aged to keep them away from
him after the first until the
seven out. The Angels
scored in the left field
runner on the path, by
which, though the Angels
had up a nine-run lead,
didn't mind a little thing
like the Solons' out of

the game, which started on the
first, lost the lead
presented him in the first
inning. The Angels
scored in the following
manner: Wright, three
hits, including a home
run, and a double, and
two singles in six at-
tempts to the plate.

Wright was hit hard through-

PARIS, May 12. (AP)—Financial preliminaries for the world's middleweight championship fight between Mickey Walker and Tommy Milligan, to be held in the Olympia at London on June 30, were completed in Paris today.

SUZANNE CANCELS NET TOUR

Temperamental Court Star Refuses to Give Reason for Plan Switch

NICE (France), May 12. (AP)—Suzanne Lenglen's tennis tour of Europe under Baldwin's management has been canceled. In a statement to the Associated Press tonight, she said: "My tour as announced has been abandoned, although I expect to fill my English engagements as arranged."

Mr. Baldwin could not be located tonight, but it is reported in Riviera tennis circles that exaggerated accounts of Suzanne's American salary were responsible for the present upset of her manager's plans, as amateurs have been asking enormous sums for turning professional, and are also requiring long contracts. It is instantly rumored here that Mr. Lenglen contemplates opening a tennis school at Carlton Court, Cannes, next year, but she says that nothing has been decided yet.

INTRODUCING THE COAST'S GREATEST MILER

You are looking at Henry Lunny, distance star of the Los Angeles Athletic Club. At the top left "Baseballer Harry" is shown about to throw away a few pounds of beefsteak. At the right he is winding up a four-lap practice jaunt at Harvard Field. The photo below shows Lunny at the conclusion of his workout, untrifled and breathing easily. He appears against U.S.C. at the Coliseum tomorrow.

ELLIOTT IS BEST KICKER

Trojan Quarterback Wins Punting Contest; Wilcox, Kemp Close Up

Howard (Howdy) Elliott, the well-known Glendale favorite son, is the best kicker in the University of Southern California. This fact was established yesterday when he won top honors in the annual punting contest for football players that was held on Harvard Field.

The competition was divided into three parts. Each man was given twenty kicks for accuracy, ten for distance and twenty field goals. Elliott hung up a 77-point total in the accuracy competition to lead the field. He placed third in the distance with a 33 out of 50 total, and won the field goals with a 57 out of a possible 60 result.

Accuracy—Elliott, 77; Lama, 75; Wilcox, 72.
Distance—Wilcox, 38; Williams, 34; Elliott, 33.
Field goals—Elliott, 57; Kemp, 51; Drury, 48.
Totals—Elliott, 167; Wilcox, 158; Kemp, 145.

PING BODIE RUNS AFOUL OF THE LAW

Frank "Ping" Bodie, former star of the Chicago White Sox, was arrested at Wrigley Field yesterday by Detectives Neel and Vennick, on a failure-to-provide warrant issued at Vallejo, his former home. Bodie was trying out for a berth with the Hollywood Stars. He gave his local address as 714 East Avenue 43, and his age as 39 years.

"I was divorced from my first wife more than a year ago and have married again," said Bodie in explanation of his plight. "I was ordered to pay \$100 a month, but during the winter I was working in a soap factory at \$64 a week and my payments fell behind. I intended to make good if I landed a baseball job."

Last season, Bodie said, he played with the Beaumont club of the Texas League.

EIGHTEEN STILL ELIGIBLE FOR "GREATEST DERBY RACE"

LOUISVILLE (Ky.), May 12.—When the long grueling training grind for the Kentucky Derby ended here tonight there were eighteen possible starters quarantined at Churchill Downs awaiting the call to the \$50,000 turf battle on Saturday afternoon.

This derby zero hour, the climax to a heart-breaking struggle to prepare 162 3-year-old thoroughbreds for the most famous race in America, arrived amidst the wildest, most uncertain speculative scenes since the

DEMPEY'S HURT EYE IS BETTER

Former Champion Cancels Training Battles While Bad Optic Heals

OXNARD, May 12.—Jack Dempsey, former heavyweight champion, made his second visit to the doctor's office in two days today. Dempsey, who suffered the injury to his eye yesterday, when a chip of wood flew up while he was chopping wood, is not worrying. He said he started out for some road work this morning but the jarring pained his eye and he had to stop.

"It was a little sore this morning," he said, lightly feeling his eye. "I won't do any fighting until next week." Jack is taking this precaution on the advice of the physicians. He has been sparing every afternoon at the ranch with some big boys in a temporary ring erected in the center of an open space among the trees. Fair-sized crowds have visited the ranch each day to watch him work out.

GRIMES, SNELL TO BE LAID UP FOR MONTH

Billy Grimes and Doc Snell are to be on the temporarily retired list for at least a month as a result of their recent mauling battle in the Olympic Auditorium Tuesday night. Both suffered badly cut and battered faces and general bruises and abrasions. Snell had to cancel a scheduled match with Steward McLean in San Francisco for Tuesday and Grimes left for the northern city today for a vacation.

ROBBINS AND HOOD DRAW AT PASADENA

Ernie Hood and Billy Robbins fought a ten-round draw in the main event at the Pasadena Armory last night. In the six-round semi-final go, Frankie Forbes knocked out Richie Aguaya in the fourth round. Vernon Jackson and Christy Molina fought a six-round draw, and Joe Conoux defeated Warren McGregor in four rounds.

JOCKEY EDWARDS DEAD

BALTIMORE (Md.), May 12. (AP)—Jockey Monte Edwards died today as the result of injuries sustained when he fell with Falisneau of the Rosedale stable, in the fifth race at Pimlico. He was badly crushed and suffered a fractured skull.

SUPERSTITIOUS

Eddie Flank, famous old Athletic pitcher, would never pitch a game unless he had a plate of tomato soup for lunch.

SEATTLE SOUTHPAW BESTS ART JACOBS IN HOT DUEL

Wide Throw by Lee in Eighth Gives Indians Two Runs and Sews Up Tussle; Final Score, 4-0

BY BOB RAY
Jim Edwards, a left-handed Indian who finds that he gets better results throwing baseballs at the enemy instead of doing his dirty work with the customary bow and arrow that the aborigines made so unpopular with the boys who took this country away from them, southpawed the Hollywood Stars decidedly into submission in yesterday's clash at Wrigley Field. Edwards yielded only two hits to the Sheiks, one of them a fussy one to right off the handle of Les Sheehan's bat, and twirled Seattle to a 4-to-0 victory.

FRIDAY MORNING.

O'Dowd Ba

LEGION, FIGHT IS GRUDGE GO

Cleveland Bantam in Final Hollywood Bout

Widgit Mike Returning Home to Sick Wife

Man Walloping for Benny Despite Weights

Widgit Mike O'Dowd makes his second appearance at the Hollywood Legion stadium tonight when he fights Benny Kie Carter in the main event.

The confidence is O'Dowd that he is going to stop that he is giving away tonight to Carter who really is a lightweight. Mike is sure to think Carter came to California and commiserated the fact he held Mike a draw in Seattle a few weeks ago.

Mike, a bantamweight, gave weight to Benny who really is a featherweight.

"It came close to stopping this fight last night," says Mike. "I don't like the bird, anyway, and if I can plant him on his chin, that will do the work I'm going to do it."

This will be O'Dowd's last fight as Mike is having to see Mrs. O'Dowd who is ill in Cleveland. The boy likes Los Angeles and only when he could remain here, he is battling for home with the intention of having Mrs. O'Dowd return to Los Angeles with him next month.

Many that has the edge in the semi-final, Benny Furrell, the Filipino good, but Hart is a strong, rugged fighter who is hard to beat.

Each stranger changed his mind when Herman Auerbach fighting Billy Hart in the special event. Jackie Hart gave the call here with Jimmy Clark fought last night at San Mateo and is not available for the main event at Hollywood. Auerbach has decided to set Auerbach for thirty days, law is law requires of justice.

Two four-rounds round out the

CLEVELAND TO HONOR SPEAKER AT BALL TILT

CLEVELAND, May 12. (P)—"Speaker" will be celebrated at Dunn and last Saturday, when Cleveland was Washington. City Manager today issued a formal proclamation asking all Cleveland citizens to be at the park Saturday to honor the speaker. "For eleven years he has given the pride and glory of the team." Speaker now plays in the Washington team.

WIMMERS MUST WEAR SUITS IN CANADA RACE

EDMONTON, May 12. (P)—Greasers will not be sufficient for the 1000 to the 400,000 water marathons to be held in connection with the Canadian national exhibition this year. The entry forms issued today participants must wear regular bathing suits.

Florsheums!

FAVOR HATCH
IN GOLF PLAY

DEL MONTE (Calif.) May 12. Unless he displays a remarkable reversal of form, Carl Hatch of Los Angeles, seems a heavy favorite to win the golf championship of the Pacific States Paper Trades Association, now in convention at Del Monte. He won the qualifying round in an impressive fashion Tuesday, and today advanced to the semifinals by defeating W. B. Collins of Beverly Hills, 6-5. Tomorrow he will meet F. J. Sullivan of Oakland, who today eliminated S. G. Wilson of Holyoke, Mass., 9 and 1. The net medalist in the qualifying round, Harry Doodge of San Francisco, today lost to M. R. Higgins of San Francisco, 2 and 1; and F. C. Stratford of Alameda downed R. A. McDonald of Oakland, 2 and 1.

MISTAKE IN DEL-AIR
MIXED TOURNEY

The two-ball mixed foursome, held in connection with the Del-Air invitational, will be staged one week from tomorrow, Saturday, and not Sunday. The Hollywood two-ball event also staged in connection with the club invitational, will start affairs at the Hollywood club, Sunday, one week from tomorrow.

JOHNSON REBUKES MACK FOR
TY COBB'S TALK TO UMPIRE

NEW YORK, May 12. (Exclusive)—Granting that Ban B. Johnson is president of the American League again, or still, as the mysterious case may be, his official rebuke to the

priestly Mr. Connie Mack for permitting Ty Cobb to speak rudely to an umpire is something new in the

way of state documents in the American League. It also recalls the

raucous incompatibility that sprung up between Cobb and Frank Wilson,

the National League umpire, at St. Petersburg, a few weeks ago and Wilson's curt reproach to Mr. Mack at that time.

"If you were a gentleman or even a manager, of which you are neither,"

Wilson said to Mr. Mack, "you would not let that hoodlum talk to me."

Cobb had just compared Wilson to a small, wild animal, habitually north

of the American League, and a fighting American. Wilson, however, was not

notified of the second part all the better of the comparison.

Wilson's case.

The unfortunate Wilson had been released from the American League for one reason or another,

Cobb and Tris Speaker insisting that he was a bush league umpire. If any, and Wilson insisting

that the authority of an umpire in the American League was not to be

questioned by any other of the more petulant stars and expect to escape

certain consequences. Of course, when an umpire reports a

player for bad manners the league president suspends the player for

three days in outward compliance with a supposed principle that

the umpire can do no wrong. But, Wilson said, on meeting the

player again, the umpire would receive personal abuse and there

would be nothing for him to do but take it or resign. Because if

he kept on reporting a valuable athlete, the athlete would spend

more time out of the game than in it and the last effect would

have painful twinges.

To make it finer than that, Wilson said, Cobb and Speaker in particular had always ridden the American League umpires because they

drew the money at the gate, whereas an umpire drives away by banishing the players the customers

most desire to witness.

MR. ORMSBY'S CASE

The Mr. Ormsby whom Cobb seems to have jostled about in a row over a foul home run in Philadelphia would seem able to outjostle Cobb if necessary as he is a large young man.

DEFEAT BASEBALL BILL

Attempt to Drop Diamond Sport from City League Program Beaten; Three Games Today

A motion to leave baseball off the City League schedule next year was made at a recent vice-principals meeting. Several coaches who got wind of the matter were considerably put out over the proposed change and are ready to battle against such a measure. The motion also provided that baseball be made a spring semester sport.

Three games are on tap today in the regular City League play and at least one contestant for the championship will be dropped. Coach Herb

White's undisciplined High School team has a chance to win the title and Frank Mallett's Lincoln ball club will clash on the Roman diamond in the feature of the day. The

two clubs rate as two of the strongest in the loop.

While the Romans has a corking good hurler in Max Cherry, they do not rate as strong as the Raisplitters and there is a strong

coming up fast and are apt to finish among the leaders.

GRID DICTATOR NAMED

William S. Langford to Be New Ruler Over Harvard, Yale and Dartmouth

NEW YORK, May 12. (P)—A football "dictator"—empowered to name officials for the handling of prominent games on the Harvard, Yale and Dartmouth schedules for 1927 and 1928—appeared today as a brand-new "wrinkle" in the intercollegiate grid pastime.

The new "ruler" is William S. Langford of New York, secretary of the rules committee and one of the most prominent football officials in the country. Extension of the move to other colleges is expected Saturday night when representatives of Harvard, Yale, Dartmouth, Princeton, Brown, Cornell, Army, Navy, Pennsylvania and Columbia will meet at the Yale Club here to discuss the

problem of obtaining competent handlers of the whistles.

Choosing of a single power to name officials and prevent the possibility of referees and umpires tempering their work to please coaches who give them regular assignments for big games was sponsored by Tad Jones, head coach at Yale. The custom in the past has been for rival coaches to select their own officials.

Under the new plan, Langford will have complete supervision over officials in the games of Harvard, Yale and Dartmouth, making his position similar, in many respects, to that of the National Football League.

Authorities at the three institutions hope in this way to provide a background for the sport entirely free from the taint of favoritism.

FEATHERWEIGHTS TOP
MAIN-STREET PROGRAM

Tomorrow night the Main Street Club will present in the main event two fast hard-hitting featherweights, Dario Barron and Tommy Cleary. Barron has won all of his bouts here at the Main Street Club.

In the semi-wind-up two fast local heavyweights will meet in a six-round bout, when Harold Esabrook and Leroy Kinney face each other.

In the six-round special event the club presents two good 112-pound boys in Ray McIntyre and Jack Stevens.

In the four-rounders Sandy Garrison meets Johnny Holmes and Arline Martin mizes with that Main Street favorite, Kid Payo.

ROLAND BRONCO COACH

SANTA CLARA (Cal.) May 12. (P)—Joe Roland, tackle on the Notre Dame "football" team of 1926, was named today as assistant coach of the University of Santa Clara football team. Patrick Roland of Ukiah, a member of the 1926 Bronco eleven, was named freshman coach.

HIGAMI WINS ON MAT

PORTLAND, Ore., May 12. (P)—T. Higami, Japanese wrestler, won two out of three falls here last night from Bob Myers of Portland.

HELEN WILLS IMPROVES

Net Star Ready to Sail for English Court Championships at Wimbledon Next Month

NEW YORK, May 12. (P)—Students of tennis who have watched Helen Wills in workouts in preparation for her departure tomorrow for the English championships at Wimbledon, noted today the good effect of conscientious practice since her last appearance here in August, 1926.

In two vigorous sets at the West Side Club, Forest Hills, she showed a more varied attack and increased strength on the backhand. Playing Elmer Griffin, a fellow Californian, Miss Wills won the first set at 6-3 and related to make the honors even as Griffin took the second at 6-3.

One other tuning up match with a male opponent is scheduled before Miss Wills embarks for the scene of the classic British tournament. There will be workouts on the ship's deck and a month of practice in England before the championships.

Miss Wills was visibly in better health than last year when she felt the weakening effects of an operation for appendicitis. A warm sun beamed down upon the courts and Miss Wills wore her characteristic eye shade as she sent her returns sailing sharply over the net. In her game there was a hint of experimentation as though the erstwhile champion were coolly making sure of her proficiency in every department on the eve of her return to international competition.

ROCKSON-FRECHMAN DRAW

SAN FRANCISCO, May 12. (P)—Mickey Rockson of Boise, Idaho, and Marcel Frechman of France fought a fast ten-round draw at National Hall here last night. The boys are middleweights.

TARIFF BLAMED FOR MANY ILLS

Economic Conference Hits
Stride at Geneva

Various Proposals Made for
Equalizing Barriers

America's "Special Agent"
Plan Dealt Blow

(Copyright, 1927, by Chicago Tribune.)
GENEVA, May 12. (Exclusive)—The
League of Nations economic confer-
ence is rapidly hitting its stride and
a remarkable unanimity of opinion
has become evident among the
hundreds of industrialists, econom-
ists and financiers that tariffs are at
the bottom of most of the world's
economic ills. The next step will be
obtaining the greatest possible agree-
ment regarding steps to be taken to
remove these evils.

Although the delegations may agree
on the undesirability of tariff bar-
riers, it will be difficult to get the
governments to approve the removal
of the revenue producers, while the
"infant industries" in all probabili-
ty will protest most in countries out-
side of Europe. Australia, Chile and
Brazil have refused to admit that
their tariffs vitally affect world trade,
while the Australian delegate, Sir
David Gordon, flatly announced that
his country will protect its affairs as it
believes equitable and the domin-
ions will continue granting preferen-
tial treatment, especially to the British
Empire.

Various proposals are emerging
from the debates in which the dele-
gates are conscientiously indulging
six or eight hours daily. The United
States received a body blow when
the Swedish delegate, Mr. Cassel, pro-
posed against the continuation of the
"methods of investigation of the
cost of production of foreign prod-
ucts through the aid of special
agents." Sweden and Switzerland led
the fight against the United States
demand for this right, which pre-

RUSSIA ASKS RECOGNITION

Conference Delegate Pleads for Re-establishment of
Diplomatic Relations With America

GENEVA (Switzerland) May 12. (AP)—Confirmation that soviet Russia has
emerged from her economic and political isolation with the intention of de-
veloping relations with outside powers, was furnished by the soviet delega-
tion today. Valerian Obolenski and Gen. Sokolnikov, answering a torrent of
queries from many newspaper men, pictured Russia as a country ready and
willing to co-operate and that Russia was disposed to welcome foreign
capital, which they contended would be as safe as in the days before the
revolution.

After indicating the likelihood that
Russia would participate in future
League of Nations disarmament par-
leys, Mr. Obolenski pleaded for the re-
establishment of diplomatic relations
with America. He insisted that this
would be mutually beneficial, would
increase Russo-American commerce
ten-fold and that "investments in
Russia would mean that investors
must accept the soviet political doc-
trine."

sumably is intended to arise in the
establishment of ad valorem duties.
Singularly, the entire American
delegation is sympathetic with Mr.
Cassel's viewpoint and will not de-
fend Washington's commercial policy
in this line.

Herr Riedl of Austria is seeking a
customs union pending an adjustment
through group negotiations of cus-
toms tariffs instead of the present
bilateral interstate agreements. He
advocates universal extension of most
favored nation clauses.

Mr. De La Vigne of the Interna-
tional Chamber of Commerce, is ad-
vocating the creation of an interna-
tional organization for the regula-
tion of tariffs and the elimination
of abuses of the regulation levels,
while Mr. Cassel is presenting the
draft of a treaty in which he urges
the League to summon an interna-
tional conference to consider tar-
iffs.

A group of women attending the
conference yesterday presented a
resolution asking consideration of a
standardization of the kitchens of
the world. They point out that
there is a terrific wastage, due to
the manufacture of scores of sizes
and types of kitchen stoves, the size
of which never fit, the diversity of
carpet sweepers, hundreds of break-

NEW FEATURES IN SNAKE DANCE

Flood Lights to Illuminate
Smoki Indians

Blazing Brands to be Used in
Fire Ceremony

Date of Presentation Set for
June 11

PRESCOTT (Ariz.) May 12. (Exclu-
sive)—This year's ceremonial snake
dance of the Smoki tribe will have a
novel presentation. It will be pre-
sented at night by the light of blaz-
ing council fires aided by flood lights
which will make the plaza as bright
as day. The date of the dance has
been changed to Saturday, June 11.
The dancers, all of them young Pres-
cott business men, have sought to
perpetuate the dying snake dance of
the Hopi Indians, though they use
great bull snakes instead of poison-
ous rattlers. This year a fire dance
is to be added. Blazing brands will
be carried and the celebrants will pass
between fires of scorching heat.

There are estimated to be 6,000,000
bridge players in the United States.
Broadcasting of games over the ra-
dio has increased the number of
clubs in every city, town and vil-
lage.

Weak stomachs cause BILIOUSNESS

If you are often bilious, try this honest treat-
ment. First, take Chamberlain's Tablets. Second, eliminate
all greasy food. Third, take Chamberlain's Tablets
for the cure. Your stomach will be healthy, clean, and quick to
move. Size of Tablets varies from 1/4 to 1/2 inch. For free
information, write to Chamberlain Medicine Co., 200
N. 2nd St., St. Paul, Minn.

LEADERSHIP LACK BLAMED FOR HIGH BUSINESS TAX

Prospect of Relief at Hands of Next Congress Regarded as Reasonably Assured

This is the concluding article of a series on prospects of further Federal tax reduction.

BY WILLIAM F. HELM, JR.

(Copyright, 1937, by William F. Helm, Jr.)

WASHINGTON, May 12. (Exclusive)—For the first time since 1921 the corporations of the United States, about 425,000 in number, face a reasonably certain prospect of having their Federal income taxes reduced. They will get the reduction through no acumen or leadership of their own, but largely because the prospective Treasury surplus will be sufficient to give them a slice of relief after other interests have been taken care of. The cut will come, barring disasters, at the next session of Congress.

It is a sorry tribute to the political sagacity of the corporations that they have not shared in previous tax reductions and face the prospect of not sharing in any tremendous extent in the next one. Leaders in American industry and finance have literally been camp followers in the game political at Washington, so far as tax reduction is concerned. Save for an occasional genius in political leadership, America's chief money-makers have stood, hat in hand, at the door of Congress, almost impotent. They have asked for little and gotten nothing. Engaged in business, they have been tyros in politics where it most affected their business.

MADE BAD BARGAIN

Since the first tax cut early in Harding's administration Congress has reduced every kind of income tax save that on corporation profits. That tax has stood consistently at 15 1/2 per cent until last year, when it was raised to 19 1/2, the increase being in the form of a swap, business taking the higher rate and Congress removing the iniquitous capital stock tax. And so usual, business took the sorry part of the bargain, for while Congress remitted about \$60,000,000 in the form of capital stock taxes, it added on more than \$100,000,000 in additional income taxes.

What has been the result of the corporations' unwillingness or inability to assert their rights in the plain and simple English that Congress understands? The result has been that the corporations are paying today nearly double the income tax they paid seven years ago. Here, except for the current fiscal year, are the official figures of corporation tax payments that tell the story:

1931	1,043,333,333
1932	1,043,333,333
1933	1,043,333,333
1934	1,043,333,333
1935	1,043,333,333
1936	1,043,333,333
1937 (estimated)	1,043,333,333

These huge sums have been made on the profits of the nation's corporations, which today do at least 75 per cent of the country's business. That they constitute a direct addition to the cost of living is beginning to be understood. That the exact more than one-eighth of all the annual profits of all stockholders in the United States likewise is beginning to be understood.

PROFITS SHARED

At least 2,500,000 stockholders have been sharing their corporate profits

Since, in a nutshell, is the prospect at the moment for the coming tax cut—remission of the automobile excise taxes, abolition of the additions and dues taxes, possible lowering of the tax on tobacco, conceivable slight lowering of the surtax rates, and, finally, what is left of the surplus to be devoted to reducing the corporation rate.

For their standing in the list, the corporations can blame only their own apathy.

TAFT FLAYS CRIME LAWS AS FAILURES

Chief Justice Lauds Plan to Revamp Statutes of States to Cope With Evils

WASHINGTON, May 12. (AP)—Chief Justice Taft today asserted that administration of the criminal laws in recent years had been a failure. Addressing members of the American Law Institute at their annual meeting here, Mr. Taft congratulated the organization on its work of compiling a restatement of the common law and expressed the hope that it might result in an improvement in criminal procedure.

"No lover of his country," he said, "can have gone through the last three or four years without having been stirred deep in his heart over the failure of the administration of our criminal law."

"I am no pessimist about that, however, as some people may think. But I think one of the grounds for being optimistic in regard to it is the deep feeling that has evidenced itself all through the country."

"If you offer, as you are going to, an admirable code to the legislatures of the States, you will find there are majorities in every legislature who would be delighted to be instructed and to be helped in putting in a code that shall be effective and that shall come from a source of impartiality and of knowledge that may not be doubted."

SOUTHLAND MEN NAMED TO BAR TASK

Thomas C. Ridgway and Kemper Campbell to Help Build New Law Machine

SAN FRANCISCO, May 12. (Exclusive)—Two Southern Californians were named today to the commission which will arrange for establishment of the new State bar, as provided by the last Legislature. Chief Justice Wastes of the Supreme Court announced the following to the commission:

Joseph J. Webb, San Francisco, who directed the six-year campaign for adoption of the creative act; Thomas C. Ridgway, Los Angeles, president of the California Bar Association; Charles A. Beardsley, Oakland, vice-president of the Bar Association; and Kemper Campbell, Los Angeles, president of the Los Angeles Bar Association.

The four men will act with the Chief Justice in arranging preliminary details. Immediately following the Bar Association convention at Coronado in September, it is probable that another meeting will be held here, at which the new board of governors will be chosen.

FATHER OF MARYLAND SECRETARY SENTENCED

BALTIMORE, May 12. (AP)—David Charles Wittebrenner, 58 years of age, father of David Charles Wittebrenner III, Secretary of State of Maryland, today was sentenced to a year and a day in Atlanta penitentiary and fined \$2000 for violation of the Harrison Narcotic Act.

STAY IN HAITI, SENATOR URGES

Nevadan Says Withdrawal of
Marines Mistake

Tiny Nation Prosperous and
Happy, He States

Revolution Predicted if
Forces Come Away

WASHINGTON, May 12. (AP)—American occupation has made Haiti a happy and prosperous nation, Senator Odie, Republican, Nevada, who recently returned from a visit to that country, declared today, and in his opinion, withdrawal of marines would result in recurrence of former barbarism and misery.

Maintenance of order by the United States, he said, is "improving the economic, physical and mental conditions of the Haitian people and increasing the productivity and welfare of the country."

"Under our occupation and with our assistance," he added, "Haiti has purged itself of the notorious graft and corruption that existed for generations. It has established its finances and currency, balanced its budget, materially increased its revenue, reduced its costs, increased its business and economic efficiency and refunded much of its public debt."

"We are not withdrawing our forces now," he said, "revolution, bloodshed, oppression and subjection and a return to the former conditions of barbarism and misery would quickly follow and all the work we have accomplished in twelve years would be undone. We cannot and will not allow such a calamity to come."

"We are not imperialistic and our purpose is to protect the sovereignty of the republic and the Haitian territory for the Haitians. We do not want and will not take one inch of Haitian territory."

EXPERT NAMED FOR MARKETING

Jardine Appoints Chief to
Aid Californians

Government and State to
Correlate Work

Wells A. Sherman Picked for
Important Coast Job

WASHINGTON, May 12. (AP)—To correlate the marketing work of the Federal Department of Agriculture and that of California, Secretary Jardine, after negotiations with Gov. Young and officials of that State, today designated Wells A. Sherman to be chief of the California division of markets on a co-operative basis. Mr. Sherman will take up the work June 1 with headquarters at Sacramento.

Correlation of all marketing activities of the two departments will be given a thorough trial with the hope that the two agencies working in common may be able to do more to improve marketing conditions than can be accomplished by carrying on the work more or less independently. Mr. Sherman has had extensive experience in the marketing field, being one of the organizers of the Federal Bureau of Markets in 1913.

MOVE RESULT
OF GOV. YOUNG'S WORK

SACRAMENTO, May 12. (AP)—Designation today by Secretary Jardine of the United States Department of Agriculture, of Wells A. Sherman, chief marketing specialist in the Bureau of Agricultural Economics, as chief of the California division of markets, climaxed Gov. Young's efforts to lend aid to California farmers through the broadening of the distribution of perishable products.

During the negotiations for the appointment, Lloyd Tenny, chief of the Bureau of Agricultural Economics of the United States department, came to California and determined the need for such a director. Sherman's work will consist of keeping in touch with market conditions in the East so as to direct the movement of California products east of the Rocky Mountains. This will be done so that the cars can be sent to the markets where they are needed to prevent the overflow of products into some and scarcity of fruits and vegetables in others. The new director will continue the work started by Prof. Adams of the University of California, who has supervised to his class work after several years in this activity. The State will pay the new director \$6000 and the balance of his salary will be paid by the government.

CITY PLANNERS PICK PROGRAM

Platting System Adopted by
National Conference

Scheme Result of Prolonged
Study by Committee

Provides for Control Over
New Subdivisions

WASHINGTON, May 12. (Exclusive)—Delegates to the nineteenth national conference on city planning yesterday adopted a comprehensive program governing the platting of new subdivisions, which is to be recommended for enactment by cities throughout the country. The program includes seven planks and provides generally for the platting of new subdivisions in accordance with a master plan and under the authority of a city planning commission. The program would have the master plan and the control area include territory outside municipal limits, but which eventually must be annexed. Under the plan, planning commissions in sanctioning new subdivisions would be charged with the duty of providing for the location, continuity and width of streets and wherever possible to dictate the minimum size and area of building lots.

The proposal is the result of more than a year of study by a committee of city planners and a committee of the National Association of Real Estate Boards and was characterized by its proponents in the convention today as "remarkable evidence of progress in bringing about co-operation between city planning officials and real estate dealers in

LIARS NOT BORN LIKE THAT

Average Boy Delights in Telling
Truth, Says New York
Judge

DES MOINES (Iowa) May 12. (AP)—There are no "natural-born liars," in the opinion of Judge Horace W. Fitch of Canandaigua, N. Y., here to address probation officers attending the national social work conference.

If a boy lies, Judge Fitch said, something has come into his life to prompt that action, for the average youth, if unrestrained by fear, delights in telling the truth.

the task of future development of American cities." Eugene S. Taylor, managing director of the Chicago Planning Commission, one of several speakers during the day, read a paper on the improvement of land values in Chicago as a result of comprehensive city planning and cited a number of specific instances where Michigan-avenue property was increased in value from five to ten times as the result of the widening of that thoroughfare and the construction of the link bridge. Mr. Taylor's description of the Michigan-avenue and other Chicago street-improvement projects was illustrated by lantern slides.

HOSPITAL TO CLOSE
TUCSON (Ariz.) May 12. (Exclusive)—For lack of funds, due to a failure of the Community Chest drive, announcement has been made that the Comstock Hospital for Tuberculosis, a notable local charity, will have to be closed June 1.

Attorney for Seiberling in
Denial of Rumor

NEW YORK, May 12. (Exclusive)—The bitter court struggle between Dillon, Read & Co. bankers and associates of Frank A. Seiberling, former president of the Goodyear Tire and Rubber Company, over the control of the affairs of that company, appeared tonight on the verge of settlement. Although Emory R. Buckner, former United States District Attorney, now of counsel for Dillon, Read & Co., and others connected with the litigation, refused to discuss the development, it is learned through reliable channels that a formula for settlement already has been reached. It is likely the plan will be made public before next Monday when the suit brought by J. C. Tomlinson and others of the Seiberling faction is scheduled to be called for trial in the Court of Common Pleas in Akron, O.

BOTH ELIMINATED
In general, it is understood that settlement would, on going into effect, eliminate both the Dillon, Read and the Seiberling interests from control. It is believed that it calls for wiping out of voting trusts and readjusting of the company.

Suggesting such a settlement last January, F. W. Litchfield, president of Goodyear, said that at the time Dillon, Read & Co. was asked to come in and save the company from bankruptcy the company's credit was exhausted and no one wanted to undertake refinancing of it without being assured control of its affairs. Since then, however, the company has recovered to such an extent that it is believed it now may be reorganized along lines which were proposed in 1921, the year Dillon, Read & Co. came in. Such reorganization would permit the company to retire the indebtedness it incurred in 1921 and would eliminate the necessity for further control by the banking interests which came to its aid that year.

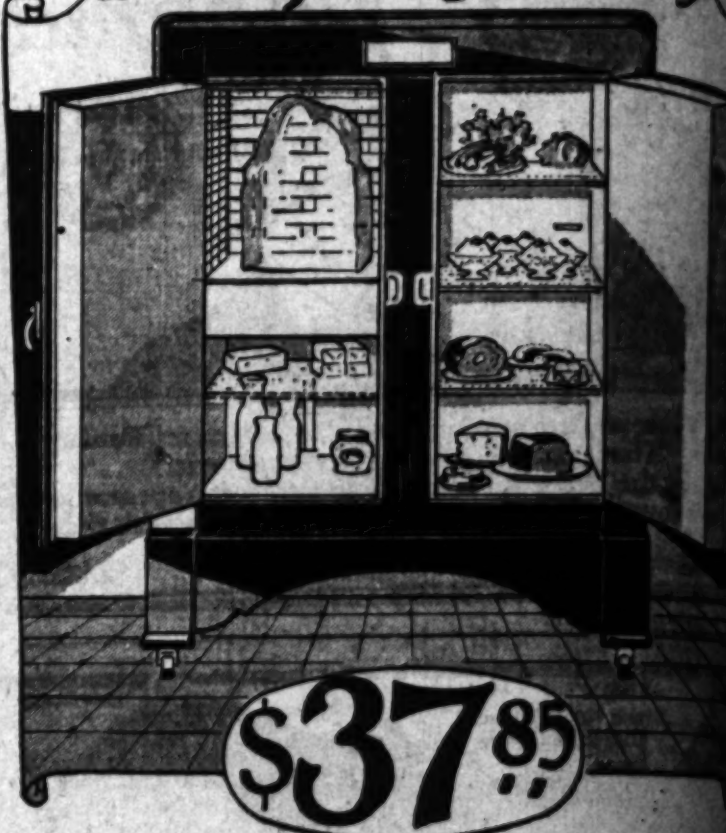

CONDITION EXACTED
It is expected, however, that withdrawal from control by the Dillon, Read interests will be conditional upon wiping out of the common-stock voting trust which gave Mr. Seiberling and associates control or representation of 700,000 shares of this class of stock.

ATTORNEY FOR
SEIBERLING DENIES PACT

NEW YORK, May 12. (AP)—"No settlement of the Goodyear Tire and Rubber litigation has been made and in my opinion will not be made," Harry Crawford, attorney for F. A. Seiberling, who is endeavoring to oust the present management, declared today in commenting on conflicting reports regarding these peace negotiations now in progress. "We are preparing to go on trial in Akron next Monday," he added.

ARMY HEADS SCOUT YAQUI RAID REPORT

Mexican Officers Laugh at Talk of Attack Upon Nogales by Rebels

NOGALES (Ariz.) May 12. (AP)—General headquarters of the Mexican Federal army today laughed at the report that rebellious Yaquis intended to attack Nogales, Son. In a statement issued today military authorities declared that the border town is sufficiently fortified to defeat any attempt of the Indian rebels to invade the community.

Gen. Francisco Manzo, Federal commander in the Yaqui war, declared, prior to his departure for Orizaba, where a body of 14,000 Federal troops is located, that the Nogales garrison can muster 9,000 men. Gen. Manzo stated that he leaves Nogales "perfectly armed and equipped," and added that he held no fear of a Yaqui raid upon the border city.

Despite the reassurance from official sources, residents of Nogales appear noticeably perturbed over the report current last night that Chief Luis Macias, at the head of 1,000 warriors, would advance upon the city if it is not surrendered by Federal military forces before Sunday. Preparations for the defense of the city continue despite emphatic denial by Mexican military authorities of possibilities of an attack.

OIL NEWS

BY HOWARD C. KEOLEY

The first well in the Alamitos Heights townsite field to report to the pump, went on the beam yesterday when the George F. Getty, Inc. Alamitos No. 1 rigged up a walking beam in the hope of improving its flow production of about 118 barrels a day, according to authoritative reports. Getty officials hope that the well will produce at the rate of 300 or 400 barrels a day by pumping.

Developments in the Getty Alamitos No. 1 have been disappointing to the Getty company, and also to its neighbors, because, judging from the location of the well, it should be one of the best producers in the field. It is on the corner of Havana and Colorado streets, not more than 500 feet north of the Pan American Petroleum Company's Naples No. 1, the discovery well of the field. Geologically it is by no means on top of the structure but

BERKELEY FILM SHEIKS PICKED

BERKELEY, May 12. (AP)—The ten handsomest male students of the University of California, selected from 900 in screen tests in the national endeavor to find "war material" from American colleges, were named today as follows: Charles H. Giguere of Woodland; Ralph Zink of Burbank; Martin T. Minney, Lugene P. Self and Richard Olendin of Oakland; Stanford T. Moore, Jr., Jack A. Daisel, Wentworth Green and Carlton A. Johnson of Berkeley, and Elmer Gertin of Modesto. From all of the "candidates" entered in the final survey of film directors ten will be given an opportunity to become screen idols.

is not far enough down the side to warrant its disappointing performance.

The Getty-Alamitos No. 1 confirms the rapidly spreading opinion that Alamitos Heights will fall far short of the maximum production figure which was estimated for it three weeks ago. Production figures on individual wells show that a rapid decline in the per well output already has set in which means that future production, instead of going to swell the total output of the field, will, in considerable proportion, only supply the decline of the older wells.

Shut-In Production Grows
An increase in the shut-in production of the State of California from between 55,000 and 60,000 to 100,000 barrels has been effected within the past two weeks as a result of the program of closing down producing wells which has been put into effect by major operators wherever possible. The end in view is the reduction

tion of the daily output of the State's oil fields from its present figure of about 640,000 barrels a day to somewhere around 600,000 barrels, which is about the average output of California over the past three years.

Associated Shuts Down
The Associated Oil Company has shut in about 12,000 barrels of production in the Ventura avenue field at Ventura, according to unofficial estimates. This figure, added to the 12,000 barrels shut in by the Shell Company several days ago, and about 1000 barrels shut in by the General Petroleum Corporation, cuts the output of the Ventura field practically in half.

Closing in wells at Ventura avenue presents more than ordinary mechanical difficulties, because of the excessive pressures which are characteristic of the field. There are a number of wells where the pressure is so great that they cannot be shut in, without risk of serious damage.

Shut In Dominguez
Production in the Dominguez field south of Compton, has been reduced to about 6,000 barrels a day by the closing in of every possible well by the Shell Company, and the Union Oil Company, according to authoritative reports.

Dominguez has been producing at the rate of between 17,500 and 18,000 barrels a day for the past ten months. During the past few days the Shell and Union have closed in two-thirds of the total output of the field, leaving only those wells on production which are necessary to remove the danger of flooding the oil mines with water, which has made its appearance in some parts of the field.

New Well In
The California-American Oil Company brought cheer to the hearts of Alamitos operators and property owners yesterday by bringing in its first producer in Alamitos Heights, with an initial production of about 400 barrels a day, according to official reports. The new well is located at Los Alitos and Portia streets, and was completed at a depth of 4780 feet.

In addition to the oil output the new California-American well is making about 2,000,000 cubic feet of rich wet gas, running about four gallons of casing-head gasoline per 1000 cubic feet.

Near Completion
The Associated Oil Company should have at least one, and perhaps two more wells on production in the Seal Beach field within the next week or ten days, according to field reports. The Associated has eight wells going down on its Bryant and Hellman leases in the eastern part of the field, several of them near the oil sand.

The Associated production at Seal Beach is nearly 10,000 barrels a day of which about 8,000 barrels is derived from five wells on the Bryant lease, and nearly 2,000 barrels from two producers on the Hellman property, the far eastern producing lease of the field.

Well Holds Up
George F. Getty, Inc.'s Alamitos Heights No. 7, in the Manila-avenue tract at Alamitos Heights is one of the outstanding consistent producers of that field, according to production records. The well was brought in at about 2500 barrels a day, and is still making about 2500 barrels per day. It is only about two blocks from the Getty-Alamitos No. 1, which was placed on the pump yesterday.

Dunlap to Speak
Steve Dunlap, assistant general manager of production of the Richmond Oil Company, will be the principal speaker at Tarr next Tuesday night at a session of the Chamber of Mines and Oil. His subject will be the outlook for the petroleum industry during the next year, compared with the developments of the past year.

PRISON COMMITTEE MEMBERS NAMED

SAN FRANCISCO, May 12. (Exclusive)—Three of five members of a legislative committee to investigate conditions at San Quentin prison and Folsom penitentiary and consider the advisability of erecting another prison in Southern California, were named today by Assemblyman Edgar C. Levy, speaker of the house. Those named are Assemblymen Clare Woodwine and George W. Rochester of Los Angeles and Frederick C. Hawes of San Francisco. Two others remain to be named.

"Just Fruits"

delicious confections which take 2 weeks to prepare

"Never such wholesome, tempting sweets as these," say our customers about "Just Fruits."

Well, they ought to be good. It takes two weeks to complete them. They are dainty, colorful squares of pure fruit and sugar, nothing else, and are uncooked. Thus vitamins are preserved. So "Just Fruits" are more wholesome, more vital, especially beneficial to children. And unlike glace fruit, which is cooked in syrup after syrup, "Just Fruits" are delicious with the exquisite true fruit flavor.

Perhaps this is just the kind of a healthful confection you'd like your children to have. Or it may prove a delightful innovation served at bridge parties or afternoon teas. 6 kinds—Peach, Pineapple, Apricot, Prune, Date, Orange.

Why not come in and taste "Just Fruits" and see how you like them. And at the same time learn about Taylor's 65 varieties of Preserved Fruits, famous over 30 years for quality. Sold by mail and at Taylor's Fruit Shoppers, 644 S. Flower St., Los Angeles, and 192 W. 4th, Santa Ana.—[Advertisement]

There's a reason why your dealer serves Crescent Ice Cream

It's because he takes the same care in choosing the ice cream he sells and serves as he does about all the other things he carries in his store.

It's because he is making his best effort to get the very best products for his patrons --- and he is in a position to discriminate between solid worth and "just promises."

It's because he knows the quarter-century record of fair dealing and dealer cooperation that the Crescent Creamery Company has coupled to its efforts to produce the best ice cream that modern science and ingenuity could make from the best ingredients obtainable.

---and in addition to all this you'll find --if you ask him---that his patrons prefer Crescent Ice Cream because of its wholesome goodness.

Crescent Creamery Company

To Those Who Suffer Stomach Distress, Gas and Indigestion All Druggists Make This Offer

Money Back If One Bottle of Dare's Menthia Pepsin Doesn't Do You More Good Than Anything You Ever Used

The way has been found to combine Pepsin with other corrective stomach agents so that it will do the most good in the shortest possible time.

Why bother with slow action, since one tablespoonful of this splendid and pleasant liquid remedy usually cures gas, bloating, heartburn or that upset condition of the stomach, when due to excess or faulty elimination to speedily vanish.

And why should any man or woman suffer another hour with indigestion or annoying stomach misery from such causes when the remedy that acts almost instantly can be easily procured?

But there is more to say about this remarkable remedy—something that will interest thousands of despondent people. Dare's Menthia Pepsin not only quickly relieves stomach distress of this sort but is compounded to conquer stubborn indigestion or dyspepsia and put an end to dizziness, nervousness, depression and despondency, when these distressing troubles are caused by stomach disturbances of the kind mentioned.

Dare's Menthia Pepsin is pleasant to take, has a delightfully refreshing taste and after it has helped to put your stomach in a clean and healthy condition, just notice how much better you look and feel, for besides correcting stomach disorders caused by excess or faulty elimination this supremely good remedy that druggists everywhere guarantee is a fine upbuilding elixir that causes you to work with vim, eat with relish and sleep soundly.—[Advertisement]

USED CARS for business and family use—See today's Times Want Ads.

\$14.21 per Front Foot for Improvements

In Huntington Palisades, on Santa Monica Bay, improvements are realities—not promises. More than 12 miles of frontage are now being improved at a cost of approximately \$14.21 a front foot.

This record amount is an indication of the purpose of the owners of scenic Huntington Palisades to make it the finest residential district in Southern California.

The intrinsic value of the property; the inherent scenic value; its strategic location, overlooking Santa Monica Bay; its splendid environment; its natural beauty and its matured tree-bordered drives, plus the power of public esteem warranted a program of improvements that is costing in excess of \$1,000,000.

The rapidity with which sites in Huntington Palisades have been sold, and the stability of the people who have become purchasers are the gauges by which the value of this property may be accurately judged.

Despite the high quality of the improvements, which will be completed without cost to the purchaser, prices are reasonable and range from \$3000 on 75-foot frontages to \$20,000 and \$25,000 for larger homesites and in a few instances to higher price.

The installation of improvements necessitates the closing of many of the drives. In order that you might comprehensively inspect Huntington Palisades, we will gladly appoint one of our representatives as your guide. This incurs no obligation on your part.

CALPET ISSUES INCOME REPORT

Gross Earnings for Quarter Show Increase

Net Profits Slightly Less Than Last Year

Depreciation Charges Total \$2,412,173.36

Net profits of the California Petroleum Corporation and subsidiary companies for the first quarter of the current year, after all charges including depreciation, depletion and Federal taxes, amounted to \$1,032,626.73, equivalent to approximately 61 cents a share on the 1,700,000 shares of capital stock outstanding at the close of 1926, according to the company's statement issued late yesterday.

This compares with earnings of \$1,246,858.06, or 75 cents on the same capitalization, for the corresponding three months of last year. The decline in net profits is apparently due to the company's policy of setting up large reserves for depreciation and depletion. In the period this year these deductions totaled \$2,412,173.36, as against \$1,969,400.24 in the first quarter of 1926, an increase of more than \$400,000.

Net income of the company, after operating expenses, for the three months ended March 31, last, amounted to \$8,998,638.85, as compared with \$8,518,127.37 in the corresponding quarter of 1926, a gain of \$480,511.48. Reflecting the levy of heavy charges for depreciation and depletion, the report shows that earnings before these charges were equivalent to \$2.25 a share on the outstanding capital.

The company's surplus was increased from \$22,369,264.13 at the close of 1926, to \$22,395,867.43 at the close of the first quarter. This is after the deduction of \$899,809.48 in dividends paid and other adjustments, aggregating \$14,720.

The company is now carrying 7,227,000 barrels of crude oil, gasoline and other oil products in storage, an increase of 665,000 barrels since December 31, last, and an increase of nearly 1,000,000 as against the amount carried in storage on March 31, 1926.

MAY STEEL OUTPUT POINTING UPWARD

NEW YORK, May 12. (AP)—Youngstown dispatches as, new business is coming forward in satisfactory volume to valley rolling mills with indications that May production and shipments will exceed April figures. The price advance in the steel market drove in some business which was held in abeyance and conditions are somewhat steadier.

UNDERWOOD PROFITS UP

NEW YORK, May 12. (AP)—First quarter net profit of Underwood Typewriter Co. rose to \$203,888, equal to \$2.18 a share on the common, from \$179,260 in the first quarter last year, or \$2.02 a share. Two regular quarterly dividends of \$1 on the common and \$1.75 on the preferred were declared, payable July 1, and October 1.

CHAIN STORE BUSINESS IN APRIL SOARS

Gross Sales of Leaders Show 29.5 Per Cent Gain Over Same 1926 Month

Sales of the leading chain stores for the month of April set new high records for the month with a total of \$2,532,329, an increase of \$7,338,009 or 29.5 per cent over April, 1926. Chain store officials are unanimous in reporting a most satisfactory Easter business, which placed April sales far above the average for the year.

For the first four months of the year the same stores report total sales of \$20,986,457, a gain of \$3,388,506, or 17 per cent, over the same period of 1926.

J. C. Penney Company again led all other chains from the standpoint of dollar gain with an increase of \$4,745,909 over April, 1926, a percentage gain of over 84 per cent. Helmer Brothers, Inc., one of the smaller chains, again led from the standpoint of percentage increase with sales gain of 117 per cent. While J. J. Newberry & Co., one of the smaller chains, is second in percentage increase with a gain of 44.9 per cent.

DRIFT OF STOCK PRICES UNEVEN

Sections of the market are heavy selling. Brisk demand in oil and feature of day. Nickel plate continues to record high.

NEW YORK, May 12.—The market appeared to be drifting at the bit during the day, awaiting the passing of what they termed the visible bullish development in eight. This was the extra dividend expected when General Motors directors went into session after the close. The stock of the leading motor company, which broke sharply toward the close on Wednesday, ruled higher today, but bears were out with a threat to "knock \$3 off the stock" now more quickly than the directors could put it on.

Market Acts Tired. The steady churning process which characterized the movement of prices during the day was accepted by a good many experienced observers as evidence that the market had reached a position of stalemated. While it was admitted that improvement was apparent in most directions, the inability of the leaders to make further progress of the day was discouraging. Opinion seemed to be that the short interest had been very largely eliminated in the course of the recent rise, and that some technical correction was not far off.

Oil Still Nervous. Consignments of the oil situation by Secretary of the Treasury Mellon appeared to be covering in that group for a time, but this momentary show of strength quickly petered out. The head of the treasury may have disappointed some in his expression of opinion on the situation, particularly in his view that the condition would correct itself in due time through the working of the natural law of supply and demand. The conference of oil heads here developed little new today and was understood to have been given over to discussion of legal considerations very largely.

WALL STREET PARAGRAPHS. Bears Groul Threat to Knock Extra Off Motor Issue.

NEW YORK, May 12.—The bear element appeared to be chafing at the bit during the day, awaiting the passing of what they termed the visible bullish development in eight. This was the extra dividend expected when General Motors directors went into session after the close. The stock of the leading motor company, which broke sharply toward the close on Wednesday, ruled higher today, but bears were out with a threat to "knock \$3 off the stock" now more quickly than the directors could put it on.

THE INVESTOR

BY RALPH HENDERSHOT

NEW YORK, May 12.—It is customary when building a hydroelectric power plant to provide for necessary expansion for years ahead. The initial cost, therefore, is usually much greater than would otherwise be the case. From the standpoint of the company this is somewhat of a handicap to initial operations, as fixed charges must be earned on property which is not used to its fullest capacity. From the investor's point of view, however, it is a decided advantage, as the margin of earnings over interest requirements is bound to grow as the company expands its operations. It also constitutes a tangible asset that is not apt to depreciate in value to any material extent.

Officials of the Nevada-California Electric corporation and its subsidiaries looked far into the future when they constructed the hydroelectric plants of that company in the Sierra Nevada Mountains, and the fact that they did so should lend a sense of security to the holder of its bonds. The stable supply of water for the generation of its electric output is another factor worth considering.

Market Acts Tired. The steady churning process which characterized the movement of prices during the day was accepted by a good many experienced observers as evidence that the market had reached a position of stalemated. While it was admitted that improvement was apparent in most directions, the inability of the leaders to make further progress of the day was discouraging. This was the extra dividend expected when General Motors directors went into session after the close. The stock of the leading motor company, which broke sharply toward the close on Wednesday, ruled higher today, but bears were out with a threat to "knock \$3 off the stock" now more quickly than the directors could put it on.

Market Acts Tired. The steady churning process which characterized the movement of prices during the day was accepted by a good many experienced observers as evidence that the market had reached a position of stalemated. While it was admitted that improvement was apparent in most directions, the inability of the leaders to make further progress of the day was discouraging. Opinion seemed to be that the short interest had been very largely eliminated in the course of the recent rise, and that some technical correction was not far off.

Oil Still Nervous. Consignments of the oil situation by Secretary of the Treasury Mellon appeared to be covering in that group for a time, but this momentary show of strength quickly petered out. The head of the treasury may have disappointed some in his expression of opinion on the situation, particularly in his view that the condition would correct itself in due time through the working of the natural law of supply and demand. The conference of oil heads here developed little new today and was understood to have been given over to discussion of legal considerations very largely.

WALL STREET PARAGRAPHS. Bears Groul Threat to Knock Extra Off Motor Issue.

NEW YORK, May 12.—The bear element appeared to be chafing at the bit during the day, awaiting the passing of what they termed the visible bullish development in eight. This was the extra dividend expected when General Motors directors went into session after the close. The stock of the leading motor company, which broke sharply toward the close on Wednesday, ruled higher today, but bears were out with a threat to "knock \$3 off the stock" now more quickly than the directors could put it on.

COTTON MARKET

NEW YORK, May 12. (Exclusive)—The cotton market turned strong today and recovered yesterday's decline as swiftly in the early trading as it took the trade here and at New Orleans by surprise. It was due to an abrupt change in Liverpool's declining tendency in futures to a sharp advance.

A large number of shorts among the local and southern trading element were caught and there was much covering. The most substantial buying, however, was by foreign houses and local trade interests. This made it look as though liquidation had fairly well run its course, with the low range reached yesterday, having shown a maximum decline of 50 points or \$2.50 a bale. This had been considered enough of a setback by the majority in the trade for present conditions, especially in view of the uncertainty of the crop with the flood still to be reckoned with.

Starting out a few points over yesterday's closing, prices gradually worked up to 20 and 25 points above them by noon after 2 o'clock. May then sold at about 18.50, July at 18.00, October of the new crop 16.00. December 16.20 and January 16.20. Despite considerable fresh profit-taking, however, the market showed a set-back by the majority in the trade for present conditions, especially in view of the uncertainty of the crop with the flood still to be reckoned with.

Reinvest 2nd Liberty Loan Funds Now

All outstanding bonds of the United States Liberty Loans, 2nd 4%, and 4 1/4%, have been called for payment November 15, 1927, at par and accrued interest. The 2nd 4 1/4% are selling above par at the present time. The opportunity presents itself to dispose of Liberty Bonds now at a premium and place the proceeds in California municipals, which are selling at prices yielding better returns than similar securities in other States. Municipal prices have advanced very rapidly during the past months and it is expected that they will continue to do so as the time for the payment of the 2nd Liberty Bonds approaches. We, therefore, suggest the following bonds for the reinvestment of your Liberty Loan funds—

LOS ANGELES CITY HIGH SCHOOL DISTRICT 5%
Maturities 1934-1947, priced to yield 4.15%
Maturities 1948-1964, priced to yield 4.20%

PASADENA CITY SCHOOL DISTRICT 4 3/4%
Maturities 1931-1953, priced to yield 4.15%

SUNSET SCHOOL DISTRICT 5% (Monterey County)
Maturities 1944-1948, priced to yield 4.35%

LEMON GROVE SCHOOL DISTRICT 5 1/2% (San Diego Co.)
Maturities 1943-1947, priced to yield 4.50%

CITY OF PASADENA MUNICIPAL IMPROVEMENT DISTRICT NO. 3 5 1/4%
Maturities 1940-1947, priced to yield 4.80%

Two Big Advantages

MUNICIPAL IMPROVEMENT CERTIFICATES, issued by the MUNICIPAL BOND COMPANY, have two big advantages over the ordinary form of street bond investment. First of all, they are issued in even denominations of \$1,000 and \$500, not in the ragged, varying amounts of the old form, which causes so much trouble and bother. The second big advantage lies in the fact that these 6% Certificates have a fixed, definite maturity, ranging from one to ten years. You don't get your principal back in ten small yearly installments.

These 6% Certificates are available only through the MUNICIPAL BOND COMPANY. If you are a street bond investor or are considering other types of securities, we suggest that you write for complete descriptive booklet outlining the many advantages of this new investment.

Price 100 and Interest, to yield 6%

DRIFT OF STOCK PRICES UNEVEN

(Continued from Twelfth Page)

point higher. Laclede Gas jumped 1 point to a new peak at 25 1/2 on buying Associated, with unfurnished rumors that Mellon interests had obtained an option on a large block of stock. Montana Power also was well supported.

RAILROADS

Nickel Plate common overbought all other rails by soaring over 12 points to a new peak at 208 and then yielding to 204 on realizing. Buying of this stock and Hocking Valley common, which soared 10 points to 177 and then fell half its gain. Baltimore and Ohio, Wabash common, Delaware and Eastern, and several of the other popular rails fell back a point or more.

Among the specialties the strength of Federal Mining and Smelting preferred, National Enameling preferred, National Surety, Porto Rican Tobacco A. and Union Bag and Paper, treated with the weakness of Austin Nichols preferred, Foundation Company, Comp. Louis W. Biscuit, South Porto Rican Sugar and United States Cast Iron Pipe.

Call money held firm at 4 1/4 per cent all day. The money and commercial paper rates were unchanged. All of the principal commodity markets displayed a firm undertone, with an advance of 12 to 18 points in cotton futures as the only noteworthy feature.

With the exception of a drop of 30 points to 47.80 cents in Japanese Cables, the foreign exchanges held fairly steady in quiet trading. The demand sterling advanced 1/16 to 160 French francs around 3.51 1/2 cents and Italian lire around 5.43 cents.

State Post for Place With
Los Angeles Clearinghouse

H. N. THOMPSON

Resignation of H. N. Thompson as chief examiner of the State Banking Department, in charge of the Southern California district, was announced here today by State Bank Examiner H. N. Thompson. Mr. Thompson will retire from the service of the State July 1, to become a partner in the Los Angeles Clearinghouse.

WORTH RYDER SPEAKS ON ART TOPIC TODAY

Worth Ryder, lecturer on art at the University of California, will speak on "The Artist's Problem in Present-Day America" at the Friday Morning Club today. Ryder spent the past six years painting in various European countries and was awarded the Grand Prix of Rome in the study of fresco painting. Ryder believes that California is the logical place for this art to reach its peak. He is now in Europe, he believes.

WE WILL GREET ORATORS

Five hundred prominent citizens of California, with a smattering from other states, will be present at the Alexander hall room at the Shrine Civic Auditorium, Los Angeles, at 8 o'clock this evening to greet the orators of the Fourth National Oratorical Convention.

Rescue Leader in Great Mine Disaster Here

Recollections of the Willow Creek mine disaster at Castle Gate, Utah, two years ago, said to be the worst mine disaster in the country's history, have been revived in Los Angeles by the presence here of Carl F. Lueder, one of the rescue team. Lueder was a member of a twelve-man international prize-winning rescue team that was summoned back to this city after the disaster at Castle Gate. Since that time he has been in the United States, and is now in Los Angeles, where he is the guest of Harold Mahoney of the Conservation Association of Southern California.

New \$4,000,000 Building to be Started in July

Improvement to Give Hotel
Total of 1500 Rooms

Ballroom to be Largest of American Hotels

Ground is to be broken July 1 for a 600-room addition to the Biltmore hotel, which will cost approximately \$4,000,000, James Woods, vice-president of the Los Angeles Biltmore announced yesterday. The building is expected to be finished and ready for occupancy by October 1, 1928, the fifth anniversary of the opening of the present hotel.

The addition is to be erected on the lot on Grand avenue now used for parking purposes and the administration building, which occupies part of this site at present, is to be torn down. The main public floor of the hotel will be on the level of the present Galleria Real and two galleries decorated to conform with the present Galleria will connect it with the Grand-avenue frontage. The plan is to have these galleries flanked with shops.

PROVIDES 1200 ROOMS

When it is completed, the Biltmore will have 1500 rooms. The building is estimated to cost \$2,500,000 and will contain 1200 rooms, 1000 of which will be single rooms, 100 double rooms and 100 suites. The building is to be erected on the lot on Grand avenue now used for parking purposes and the administration building, which occupies part of this site at present, is to be torn down. The main public floor of the hotel will be on the level of the present Galleria Real and two galleries decorated to conform with the present Galleria will connect it with the Grand-avenue frontage. The plan is to have these galleries flanked with shops.

ROOMS TO BE LARGE

The top floor, facing on Grand avenue, is planned for permanent apartments of generous size, several of which have already been applied for. Beautiful suites, with rooms considerably larger than those in the present hotel, are planned for the street frontage on all floors, some of the rooms being 16x18 feet in size. Back of these suites on each floor will be many rooms at the minimum rate, all with bath. The first two floors will be planned for commercial business with some size. These rooms will be much larger than the present sample rooms on the second floor of the existing building.

THE MAIN PUBLIC FLOOR

The main public floor will be on the corresponding level with the present Galleria Real and will be connected with it by two galleries extending from Grand avenue. These galleries will be twenty-one feet in width and will be paneled with wood and stone and furnished and decorated to conform with the present Galleria.

They will be flanked with smart shops

and the south one will have two grand staircases eighteen feet in width, leading from it to the grand ballroom and the check room on the floors below.

MEXICAN ARMY LEADER HERE

Calles Seat Sought by Local Visitor

GEN. ARNULFO R. GOMEZ, commander of Mexican Federal troops in the Vera Cruz district and a candidate for the nomination for President of Mexico on the National anti-revolution ticket at the June 30 convention, is in Los Angeles to visit his wife and his two children, who have been attending school here for the past several years.

Gen. Arnulfo Gomez

Since he has not yet resigned his command the general refused to set forth his position on the two important issues in Mexican politics—oil and revolution—except to say that in the latter he is liberal and believes he has a solution to the problem that will satisfy all concerned and that he will be guided in his administration of the laws affecting oil rights by the interpretation placed upon these laws by the Supreme Court.

Gen. Gomez has just paid a visit to former President Obregon and received the impression there that Obregon does not intend to run for re-election, he said. If Gomez receives the nomination at the convention June 30, he will at once resign from the army and spend the next twelve months campaigning throughout Mexico, he stated. He was a Maderista and expects to have the full support of Maderista followers.

The general is accompanied by Gen. Miguel A. Fereira, former head of the San Jacinto military school; Jose P. Fereira, who organized the physical education system now used in Mexican schools; and Z. Lopez Portillo, secretary to Gen. Gomez. The general's family resides at 3525 Juliet street.

CITY VOTERS INCREASE IN TWO YEARS

Total Registration for
Next Election 415,670;
Gain in School District

Registration for the Los Angeles general election June 7, next, is 415,670, a considerable increase over that of the general election two years ago, which was 382,168, it was announced yesterday Registrar of Voters Kerr. The Los Angeles school district outside the city limits will furnish 38,748 additional qualified voters for the school election. There were 47,474 so-registered two years ago.

The coming election of the near future in this county are: The 23rd inst., San Gabriel city bond election; June 7, Los Angeles, Alhambra and Compton general elections; June 10, Baldwin Park Water District bond election; June 14, Monrovia bond election. The city registration by Councilman districts is as follows: District No. 1, 27,554; District No. 2, 26,630; District No. 3, 27,548; District No. 4, 26,721; District No. 5, 28,138; District No. 6, 28,689; District No. 7, 21,899; District No. 8, 24,903; District No. 9, 21,588; District No. 10, 21,783; District No. 11, 21,121; District No. 12, 27,837; District No. 13, 28,167; District No. 14, 27,696; District No. 15, 27,284. Total, 415,670.

JULIAN ACTION PROMISED

Judge McCormick States He May Make Decision on
Federal Receiver for Corporation Today

United States District Judge McCormick announced yesterday that he perhaps will be in a position today to give a decision on the bill in equity requesting Federal receivership of the Julian Petroleum Corporation, the stock of which has been removed from the Los Angeles and San Francisco stock exchanges, because of asserted overissue, and the president of which, S. C. Lewis, resigned because of the financial trouble involved. At the same time all official investigations in Julian affairs were temporarily suspended, pending Judge McCormick's decision. Dist. Atty. Keyes, who announced an investigation by his office Wednesday, said yesterday he is awaiting the Federal court's action and he was noncommittal on the possibility that he will refer the Julian financial misdeeds to the county grand jury.

ATTORNEY IN COURT

Arguments on a temporary restraining order, seeking a permanent injunction against sale and transfer of Julian stock, were postponed by Judge McCormick on the motion of Attorney Hart W. Williams, representing former President Lewis. The attorney pointed out that in the event of an injunction of a receiver, the official might wish to attend the injunction proceedings. When Judge McCormick granted the motion and set the time for arguments.

The Lancer

by Harry Carr

THE modern habit of rough hunting all the horses has extended to the Bible. In a recently published novel Mr. Don Byrne takes Saul of Tarsus for his hero. He travels Saul pretty well; but he says violent hold of St. Peter in this words: "Now here was Peter with his curly head of a provincial dandy, his Jewish side locks and his wife who should have been getting fish in Capernaum."

THE GREATEST MAN

Some day there will be a great historic novel written about the most interesting character of the Old Testament—Moses. This great leader must have been one of the greatest men who ever lived.

HIGH GENIUS

In our own time we have seen what it means in time, clerical work and supplies to mobilize an army and to transport it, backed by the wealth and resources of the richest nation in the world. The organization and even the preparatory office and paper work necessary to have moved out a whole nation by sea in the face of a hostile Egyptian army seems to stand alone as an achievement of a leader of towering and unequalled genius.

"TREES"

Something we all become pained at the radio, but when they send out Joyce Kilmer's "Trees" we forgive them all the law and the blather. This is one of the loveliest poems ever written, and the music is no less lovely. It should be made the official hymn for Arbor Day.

WILLIS' SCORE

When you seek to prophesy what your life in your hands—if E. O. Willis hears about it. He has put the King's X on all social prognostications. For instance, the German movie, "Metropolis," which pictures the fate of the future as a dreary hell filled with sullen, slavish workers, driven to serve the machinery of the machine.

INDUSTRIAL SLAVES

Which is, indeed, pure slush and rubbish. The general trend of industry is toward far happier conditions. The perfection of industrial machinery has brought in a new type of workman—brave, well-trained, expert and drawing big pay.

Workman Taken Out of Conduit Filled With Gas

Harry Nowlin, 30 years of age, of 600 South Flower street, overcame by gas in an underground conduit at Seventh and Rio streets, was dragged to safety yesterday by Guy Lipscomb, 23, of 1030 South Federal street, police reported. Both are employed by the Municipal Bureau of Power and Light.

The men entered the conduit to repair damage caused by a cave-in. Nowlin, who was in the lead, was overcome by gas and Lipscomb rushed back to the manhole entrance, for the manhole was full of gas. He dragged Nowlin to the manhole and hauled him out with a rope. Both were treated at the Receiving Hospital.

PLANTS BABY TROUT

TUJUNGA, May 12.—E. F. Lancaster of Tujunga has obtained 10,000 baby trout from the San Bernardino hatchery and is placing them in the large artificial lake on his property.

AUNT HET

BY ROBERT QUELLEN

"I'd just as soon have a leg broke as have the kind of husband that snoops around the kitchen to see if you're wasteful."

A: No, I did not.

Q: Did you see him at the hotel where he was staying?

A: No, I did not.

LOQUAT USES TO BE SHOWN

Mrs. Wyman Will Demonstrate Fruit for Class at Manufacturers' Exhibit

Loquat, a fruit strange to many who are new to Southern California, will be demonstrated this afternoon by Mrs. Mabelle E. Wyman at her foods class in the Southern California Manufacturers' Exhibit at 130 South Broadway, which meets at 2 o'clock. These classes are free to the public and men are invited as well as the women.

California foods in season will be demonstrated by Mrs. Wyman, as well as many vegetables that are unfamiliar to those who have recently come here to make their homes. It is her intention to give recipes that are easily understood and combined and to introduce new and unusual formulas.

QUESTION BOX

Mrs. Wyman is willing to answer all questions and to repeat, even though they have been given before. Those who have problems to discuss are invited to come a few minutes in advance of the meeting, or to present their difficulties after the class.

The question box is always open and requests for recipes will be answered either in the class or in the Times daily foods column under the head of "Chief Wyman's suggestions for Tomorrow's Menu."

Yesterday, under direction of D. R. Moody of the Bureau of Power and Light, two talks were made on "Electricity in the Modern Home," one in the model dining-room, showing the use of table cooking devices and the like; the other in the patio garden, illustrating the utility of modern electric ranges.

DANCE FEATURES

Saturday, the management announces as a special entertainment feature in the afternoon, the first appearance of Evelyn Crist and her dancing pupils from Pasadena. Miss Crist is a Meridian pupil.

This feature will be in addition to a general program of special interest to pupils of the school, and children in general, who are especially invited that day.

on the scene of government and law. The public is invited to attend the lecture.

Rites Conducted for Founder of Harvard School

The funeral of Grenville C. Emery, founder and first headmaster of Harvard School, was conducted in the school chapel yesterday, with burial at Englewood. The chapel was crowded with friends, among whom were many of Mr. Emery's old pupils.

Mr. Emery was a native of Maine and a graduate of Bates College. He became a teacher of mathematics and for many years taught in the Boston Latin School. While there he was the author of a text book on algebra. Coming to Los Angeles he purchased a tract of land in 1900 where he founded Harvard School, of which he was headmaster emeritus and a trustee at the time of his death.

LANDLORDS TO MEET

"A Business Administration for Our City" will be the subject of an address by Porter Lord, editor of the Landlord, at the meeting of the Landlords League at 7:30 p.m. today at the Hollywood Public Library auditorium; W. A. Byrne and Paul Palmer will be other speakers.

CRITES OUT OF SCHOOL BOARD RACE

Withdrawal Announced in Favor of Candidates of Citizens' Committee

Donald B. Crites, who was nominated at the city primary election on the 3rd inst., for the Board of Education, withdrew yesterday in favor of the Citizens' School Committee ticket nominees, and the City Council granted Mr. Crites' request that his name not appear on the June 7 city election ballot.

In withdrawing Mr. Crites, in a letter to the Citizens' School Committee, said that he was in thorough accord with the aims and purposes of the committee and did not desire to be a candidate against the committee's candidates—Robert L. Burns, J. L. Van Norman and Little J. Lytle. Mr. Crites said that he would urge all those who had voted for him on the 3rd inst. to vote for the school committee candidates.

According to law, Mr. Crites' name will be replaced on the June 7 ballot by that of Crawford Coates who was next to Mr. Crites in the number of votes received.

ARROYO PARK FIGHT LOSES

Council Again Refuses to Abandon Proceedings After Much Wrangling in Chamber

Another skirmish in the long-drawn campaign of Highland Park and Garvanza district residents to block the creation of Victory Park Unit No. 2 in the Arroyo Seco took place in the City Council chamber yesterday. Despite the insistence of many men and women present, and the filing of a resolution signed by various civic organizations, the Council by a vote of 8 to 5 refused a second time to abandon the proceedings.

The matter was brought before the Council through presentation of a resolution asking abandonment and declaring that claims for damages for the acquisition of gravel bed land, plus the purchase of 200 acres for the proposed park unit, will total \$2,275,000. Earlier estimates of the cost by the City Attorney placed the figure at slightly over \$700,000. These figures, however, are unofficial and the matter is now in the courts for determination.

Wrangling and discussion marked the progress of the discussion in the Council, with Councilman Shaw charging that "the people continuing this agitation really represent the gravel interests seeking to eliminate the park and gain control of the \$2,000,000 to \$3,000,000 rock and gravel lands in the Arroyo Seco."

On the question of continuing the proceedings until such time as the court reports on the exact cost, the vote stood as follows: For abandonment, Councilmen Shaw, Hall, Jacobson, Randall and Sparks; For continuation, Allan, Criswell, Betty Baker.

Case Against Dead Man to be Dismissed

Action was taken yesterday in Superior Judge Burnell's court for the dismissal of the charge of murder against George F. Pabel, a recluse 67 years of age, who shot and killed a boy neighbor of 10 in Belvedere July 3, 1925. The reason as advanced by Dep. Dist. Atty. Hill is that Pabel, who was not placed on trial because of insanity, died at Patton asylum recently.

When Mr. Hill made a motion for the dismissal of the case on the ground that the defendant is dead, the court continued the case until Monday for the filing of a death certificate.

Pabel is said to have admitted that he shot David Cramer after accusing the boy of stealing grapes from his place. The aged man admitted that he wanted to kill the boy and others in the neighborhood because they stayed out until nearly curfew, and at times raided his vineyard.

The request for the dismissal was made by Moses C. Davis, defense attorney, and the matter will be considered again on Monday.

CHAIL TALKS DAM IN REDONDO

Representative Crail will speak on the Boulder Dam before the Redondo Rotary Club at its luncheon meeting today. Mr. Crail evoked several new thoughts on the proposed dam project at a recent trip to Boulder Canyon and Imperial Valley.

Thrills Aplenty for Spectators of Rodeo Event

Assurances of a big thrill every few seconds for the audience in the Coliseum for the three afternoon and nights of the first annual Los Angeles Rodeo, the 26th to 28th inst. are given in the first announcement of the method of running of the events made yesterday by Hugh Strickland, the arena director.

Eleven specially designed chutes will be used to release the "outlaw" broncos on to the turf with riders already mounted. Steers and horses in the roping and steer-stopping contests will be released simultaneously from individual chutes.

Except for relay races and other track events requiring the contestants to change mounts, no saddling will be done on the field.

BUILD ON OLD CHANGE

William L. Coghill, former employee of the Federal Housing Company of Washington, D. C., was arrested yesterday in Culver City by Deputy United States Marshal Blue on an indictment returned in the national capital June 1925, charging Coghill with the embezzlement of \$129,977 while in the employ of the company. Coghill was ordered held under \$5000 bond by United States Commissioner Reed. He will be given a preliminary hearing the 16th inst.

Dr. C. G. Haines Lectures Today at University

Dr. Charles C. Haines, chairman of the political-science department of the University of California at Los Angeles, will deliver the annual research lecture at an administrative assembly of students and faculty at 1 p.m. today in Millapough Hall auditorium on the campus of U.C.L.A.

The research lecture, which has become a tradition at the university, this year will deal with present trends in the American government and the growing power of the courts of the land at the expense of the legislative and executive branches.

The subject of the lecture by Dr. Haines will be "A Government of Laws or a Government of Men." It will summarize, in terse fashion, the results of twenty-four years of study and research in the fields of government and law on the part of Dr. Haines, who has published extensively on this subject and has won national recognition for his contributions.

Delicious ways to health

Notice the prize recipes on the Pillsbury package. Now you can enjoy eating the sort of bran you really need!

Your doctor advises bran to relieve constipation. He means a true, natural, unadulterated 100% bran—Pillsbury's Health Bran. Serve it in all sorts of delicious ways—use the new prize recipes on the Pillsbury package—they're delightful!

NOVEL IS
GIVEN NEW
TREATMENT"Soundings" is Triumph
for Lois Moran; Version
Misses Greatness

BY MARQUIS BUSBY

Although it has been some time since I read A. Hamilton Gilbe's splendid novel, "Soundings," it seems to me it was a much more powerful story than Julien Josephson's screen adaptation of the same, filmed under the untimely auspices of the Metro-Gwyneth company.

"Soundings" in novel form was a particularly sympathetic treatment of the problems of a young girl just awakening to womanhood and love. "Love comes like a cyclone" is a thought expressed by the father of the maiden and it is from this idea that the screen story gains its title. Nevertheless it is a tawdry and sensational title for a fine, dignified story.

Perhaps these objections do not seem particularly important to the casual motion-picture theater-goer, but it is just such things that prevent "The Whirlwind of Youth" from being a great picture. As it stands it is merely a good picture, not lacking in sympathetic appeal or suspense and well worth seeing.

It seems to me that Lois Moran touches in this the high point of her career, not even excepting her memorable appearance in "Stella Dallas." Perhaps no other young star on the screen is so well fitted to portray the tenderly-nurtured young English girl just blossoming into womanhood. On one or two occasions she touches true greatness, notably the scenes wherein she gives her first kiss, and again, several years later, when she meets the boy she loves in France during the war. The role is pretty much of a triumph for little Miss Moran.

In the supporting cast Donald Keith gives a sympathetic and understandable characterization of the youth with a mistaken idea about the game of love. He seems a bit young to be such an experienced Liar, however. Larry Kent perhaps scores the greater individual hit as the two boys as Lloyd, also in love with the girl. Kent has an attractive screen personality. Alice Mills gives good account of herself as the friend.

If Paramount has ambitious plans for Vera Voronina, whom they recently brought to this country from Russia, they are badly advised to present her in a tiny role of unassuming nature as a foreign vampire. She is miscast, acts rather badly, and is not well photographed in the bargain.

Garth Hughes in an emotional bit and Charles Lane as the father appear briefly.

There are a number of evidences of the skilled hand of Richard V. Lee in the direction. The picture on the whole is beautifully photographed. The English country scenes are lovely.

Eddie Peabody turns western this week in the stage presentation "Out West." But, oh, if a horse ever saw Eddie's outfit! "White whicker" chape, fancy silk shirt and silk bandana comprise the sartorial outfit. Peggy Bernier, Chief Standing Bear and his Sioux Indians, Milton Watson pleasing with his vocal mimicry, "What Does It Matter?" Helen Wright, the Bounders scoring for a second week, and the Redfield dancers are the featured entertainers.

The finale of the number was particularly impressive.

OLD ACQUAINTANCES
MEET ON WARNER LOT

The old days of Keystone comedies were recalled with great enthusiasm during the filming by Warner Brothers of the Syd Chaplin picture, "The Better Ole," directed by Charles Ray, which opens a limited engagement at the Broadway Palace, Saturday.

The production, founded on the cartoons by Bruce Bannister, and greeted as one of the funniest motion picture comedies that has come out of the war, brought about a regular reunion of Keystone alumni. Of the eight original Keystone Kops six worked throughout the filming of the picture. They were Hank Mann, Ed Kennedy, Billy Harbo, Grover Ligon, Bill Gilbert and Tom Kennedy, who started the "Kops" in 1913.

SOCIAL FILM WILL
BE SHOWN TO WOMEN

Answering requests sent in by Los Angeles women that they be allowed to view the sex-educational picture, "Is Your Daughter Safe?" now in its sixth week at the California Theater, S. S. Miller has arranged for a limited showing for women only beginning Monday at 9 a.m.

Although passing every State's censorship laws, "Is Your Daughter Safe?" is of such intimate nature as to prevent the film being witnessed by mixed audiences, the management explains.

Seen Amidst Russian Intrigue

Billie Dove
Lovely First National star, is featured with Ben Lyon in George Fitzmaurice's "The Tender Hour," which Los Angeles patrons will have an opportunity of judging from today on.

TRUE STORY FORMS
BASIS OF PICTURE

"Paying the Price," a highly sensational drama based upon the Petest case that was the cause of so much comment a short time ago, opened yesterday at the attraction at the Arcade Theater, with Frickilla Bonner, Marjorie Bonner and George Hackathorne in the leading roles.

As may be expected, however, it was simply the bare facts of the case that were used, and the inevitable happy ending presented itself when the oldest daughter, after her thrilling escape from the gambling den, returned to the fold, smiling sweetly at the handsome young minister, and glided to wedding bliss.

A murder trial, wherein a youth is tried for the murder of a notorious gambler, served as the background of the story.

The outstanding performance was given by William Welsh, as the father of the ill-fated family. Mr. Welsh's interpretation was indeed a noteworthy one. He gave a pathetic human appeal to the character that never fails to hit its mark with the audience.

Although Mary Carr, as the mother, gave her usual appealing performance, she was made to appear and act too old for the part.

The two daughters were played by the Bonner sisters, Frickilla and Marjorie, and George Hackathorne appeared as the youth accused of the gambler's murder.

ADDED TO CAST OF
BEERY-HATTON FILM

Addition of Thelma Todd and Nancy Phillips to the cast of "Fireman Save My Child," Paramount's latest Wallace Beery-Raymond Hatton costarring comedy, has given the picture a battery of blond beauties for a single film.

Josephine Dunn, the leading woman, is a decided blond, as are both the Todd and the Phillips. Miss Todd is a graduate of the Paramount Pictures School and is one of the few remaining unblonded blondes. Miss Phillips was recently chosen as one of the Paramount junior stars. Edward Butlerland is directing the Beery-Hatton comedy.

ABSENCE MAKES, ETC.

Feminine members of the audience at Wilkes' Vine-street Theater are making an idol out of Jack Donovan, one of the characters in "The Donovan Affair," who is never seen upon the stage. It is said. He seems to have captured the fancy and hearts of that group of femininity who is always searching for a symbol of romance upon the stage.

BARRYMORE
MAY PLAY
'HAMLET'Report Actor Considering
Macloon's Offer at \$1000 a
Performance

Indications are that John Barrymore is favorably considering the offer of \$8000 per week which Louis Macloon has made him to play "Hamlet" in a Los Angeles theater.

Barrymore left Wednesday night for San Francisco to be gone four days. Upon his return, it is rumored, a definite answer may be forthcoming.

The salary which Macloon is prepared to pay Barrymore, \$1000 per performance, or \$8000 a week, is said to be the largest ever paid any actor on the legitimate stage. In addition to this staggering amount, Macloon would be faced with a tremendous expense in casting and furnishing settings for such a performance of "Hamlet" as would be appropriate with the star in the title role.

"But it would simply be a matter of how many seats there were in the theater as far as proceeds were concerned," said Macloon yesterday. "With Barrymore in 'Hamlet,' which is unquestionably the greatest thing the stage has known in years, every seat would go, I am sure."

The prestige that Los Angeles would derive from such a performance is immeasurable.

Macloon has not asked Barrymore to give up his picture work for "Hamlet," inasmuch as it would not interfere with the planned eight performances weekly.

Monty Banks
Comedy Heads
Figueroa Bill

The inauguration at the Figueroa Theater of a policy of first-run feature pictures and five acts of vaudeville, changing the complete program each Friday, has met with instantaneous success, the management declares.

Today the program is headed by Monty Banks, one of the screen's funniest, in his latest fun concoction entitled "Horsehoes." It is said to be the most mirthful vehicle Monty has ever had and was directed by Clyde Bruckman, former Los Angeles newspaper man, and more recently gangster, with Harold Lloyd. The other funsters in the cast include Jean Arthur, Ernie Wood, John Elliot, Florence Lee, Alfred Fisher, Henry Barrows and Agostino Borgato.

According to a late dispatch, Monty Banks will make a personal appearance tonight in conjunction with the showing of "Horsehoes." Banks is reported to have worked out a little comedy sketch to enliven his bow to Figueroa audiences.

BENAVENTE COMEDY
GIVEN LAST NIGHT

How to do evil by doing good—that was the theme of the comedy from the Spanish by Jacinto Benavente, "The Evil Deeds of Good," presented by the Beacon Players of Los Angeles last night before an enthusiastic audience at 925 Flower street.

The Beacon Players are newcomers to the Little Theater movement in Los Angeles but they are most ambitious in their aims. Following the Benavente comedy, which is to be given two more performances, tonight and tomorrow night, a Chinese fantasy and an American Indian mask are planned.

The Benavente play dealt with events which transpire in a small Spanish community when a group of women who have nothing better to do endeavor to dictate the affairs of the town, from its love making and marriages to its churchgoing. It is a study in character which, if a little tiresome, is revealing.

There are a good many high dramatic moments in the play, which prove difficult for the players. Much of the subtlety of the author is lost at times through the unskillful interpretation.

Lloyd Nolan as Don Heliodoro was probably the most noteworthy member of the cast, while Josephine Marie Dowler made an interesting Marquessa. Other players included Richard M. Hetrick, Fish Raup, Paul Ford, Virginia Bullock, Thomas Lowers, Jr., Helen Smith, Laura Penny, Lucia Childs, Lafayette F. Taylor, Jack Angel, Salvador Poselo, and E. Smith. Marian Craig Wentworth was responsible for the direction.

FINDS THRILL
IN FIRE FILM

The instantaneous hit scored by "The Barker," Kenyon Nicholson's play of the midway and tent shows, at the Beacon has justified the judgment of Benavente, Butler and Davis in bringing to the Coast the hits of the present season in New York immediately after they "hit" on Broadway. Los Angeles is the third city to see "The Barker," one of the most recent of them.

W. Edgar Bunkle, personal representative of Charles F. Wagner, the producer, declares that the local presentation is fully equal to and in some respects superior to both the New York and Chicago productions. He also states that Director Fred J. Butler has virtually offering every scenic investment that would be instantly acceptable both in Chicago and New York.

Louis Bannison, Isabel Withers, Mabel Julienne Scott and Curtis Arnall enact the four principal roles

Find Food for
Thought in Fox
Film Technique

A tribute—conscious or unconscious—to the ability of a motion-picture director has been paid Frank Borzage, who produced "Seventh Heaven" now playing to patrons at the Carthay Circle Theater.

One of the latest producing concerns in the world issued an official order on Saturday, the morning after this picture opened at the Wilshire playhouse, virtually offering every director, cameraman, assistant and technical man in its employ to go and see how Borzage did it. It is with an eye for direction, photography and setting, as well as acting.

Tonight is Native Sons night at the Carthay Circle. Hundreds of members of this organization of the Golden West will gather to see "Seventh Heaven," virtually offering every director, cameraman, assistant and technical man in its employ to go and see how Borzage did it. It is with an eye for direction, photography and setting, as well as acting.

This special night marks the closing entertainment for the Native Sons, who have been holding their state convention at San Pedro all week.

CHEERFUL CHAFF

BY TIMES READERS

WRITE FOR THE "MOVIES" AND WIN CASH PRIZES

The Los Angeles Times produces a popular fun reel called "Cheerful Chaff." It is made up of the twelve best jokes submitted weekly by readers. Twelve \$1 prizes are awarded each week, the names and addresses of winners together with prize-winning jokes appearing on the screen.

Everyone is invited to send jokes. No formal letter is necessary. Just jot down your joke, as many as you wish, sign your name and address and mail to "Cheerful Chaff Editor," Los Angeles Times. Jokes for the screen must not exceed thirty words.

Successful jokes too long or otherwise not adapted for screen use, are awarded a place of honor on The Times comic page, receiving a courtesy acknowledgment.

OUT THE COMEDY

Photographer: Look this way and you'll see a pretty little ducky bird come out.

Modern child: Oh don't be a nut; expose your plate and let's get it over with.

Mrs. Abco, 1027 Wilshire Boulevard.

Mother: You know voice: Alfred if you disobey me, I will spank you right here on the street.

Alfred, with interest: Where would you do, Mother?

Eleanor Webb, 233 North Irving Boulevard.

Judge: You say the pedestrian had reached the curb when he turned around and started back?

Motorist (who told him): Yes, your honor, he tried to double cross the street.

E. Napier, 11394 Idaho avenue, Hawthorn, Cal.

Elizabeth, aged 4, arrived in Indianapolis with her mother, gazing around she exclaimed: But mother, where is the apple?

Mrs. D. B. Stamps, 1811 West Forty-second Place.

Doctor: And do you exercise after your bath?

Patient: Yes, I generally step on the nose I get out.

Miss Margaret, Gerrard, 34 Powell street, Sutton Oak St. Helens, Lancs, Eng.

Teacher: What is the name of the principal river in Egypt?

Johnny: The Nile.

Teacher: That's right. Now tell me some of the smaller tributaries.

Johnny: Juveniles.

C. W. Hagley, Lankershim, Cal. Gen. Del.

"How many brothers have you, Jimmy?"

"One, ma'am."

"Why, isn't that strange? I was just talking to your sister and she said she had two!"

E. Haring, 218 West Nineteenth avenue, Spokane, Wash.

Teacher (holding up four fingers): How many is that?

Bright student: One thousand one hundred and eleven.

M. L. Fay, 1369 Courtney avenue, Holly.

Inefficient Efficiency

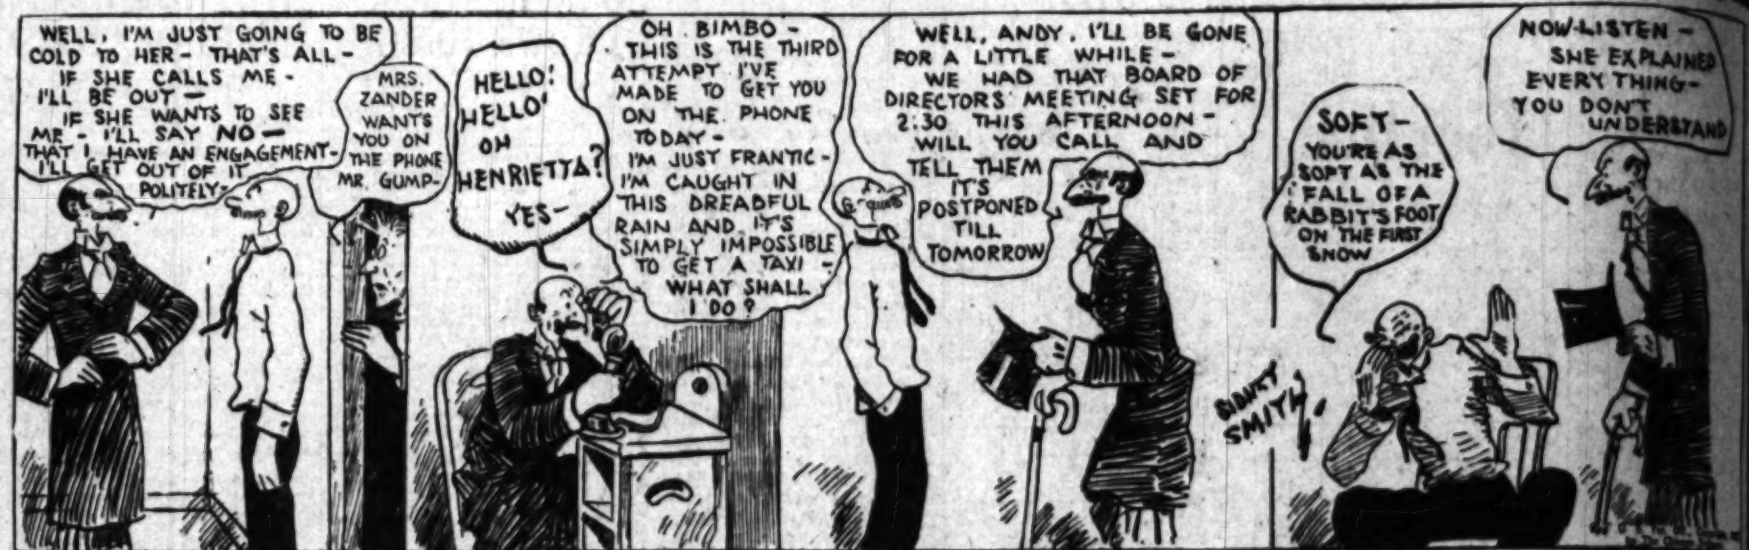

"Have you been reading any books on efficiency?"

"Yes, but I got so interested in them that I found they were interfering with my regular work."

SURE BOY

Make Your Home More Attractive!

Definitely here and there can improve the appearance of many a home. Often just a rug will do it—or a single piece of furniture, piano, phonograph.

Outside appearances shouldn't be neglected, either—a tree, flowers, shrubbery.

Almost any of these things the home owner needs to fix up his place—inside and out—can be purchased through the "Miscellaneous For Sale" columns of Times Want Ads. Now is a good time—Spring—and the expense is slight.

to obtain a divorce, but she failed to succeed in doing this. Judge Summerfield did not believe she had enough evidence of wrong-doing to continue her case so that she is bringing more witnesses.

Local Banker's

Funeral services for the late
beth L. Cooks, 90 years of age,
er of Capt. Thomas F. Cook,
Angeles banker, will be held
from the chapel of W. A. Brown,
South Flower street, at 11 a. m.

Mrs. Coke died recently leaving a brief illness of the intestines. Her daughter, Mrs. H. C. Wain, 24 Avenue 54. She had been a resident of this city for the last twenty years, coming here from Algon, born in England. Mrs. Coke was with her parents in America with child. Her father settled in New York and became one of the prominent men of Iowa.

**Thirteen Taken
for Burglary
Goods Lost**

Arrest of thirteen members
of a suspected burglary gang in the
four days and location of 50 pieces
of plunder, valued at \$100,000, in
Togoles, Ariz., was reported by
the police last night. The gang was
said to have been hiding in the
Los Angeles stores and shipped to
the city for disposal. Two had
